

French teenagers and new technologies

In the class 303/304, we have asked pupils questions about new technologies.

In our class everybody have Internet at home.

And 22 pupils out of 23 have got a mobile phone.

In the class 15 teenagers out of 23 have got a facebook account.

One person in this class has 8 TV.

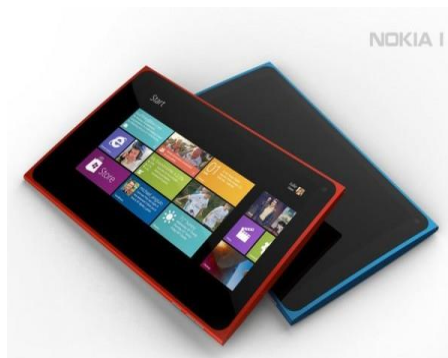

And another one has got 5 PC !!

One person in the class has got 14 console but 2 haven't got any console.

And finally 2 pupils have 3 tablets, but 5 teenagers haven't got a tablet.
